

INNOVATE | MOTIVATE | EXPERIENCE

LIP SYNC BATTLE

HOW DOES IT WORK?

Teams choose their battle songs from a variety of old school, new school, local and international artists, all provided by our resident DJ who will be in charge of making sure that the music and energy never dies.

Helping produce epic battles, teams are outfitted not only with microphones but with props and tons of swag.

These items are won in the early stages, where teams are challenged to a short and sharp activity which wins them points that can be used to choose their props.

Teams will then battle through the rounds, where they will PERFORM AS A TEAM to their adoring fans and fellow competitors. This will all be co-ordinated and controlled by the host of the show and Ad-venture Inc team.

READY. SET. SYNC!
