MINUTE TO WIN IT

This popular game show has taken the world by storm. Contestants compete against the clock in 'simple' games of skill as they try to complete the challenges against the other teams, using only household items.

"Teamwork is the secret that makes common people achieve uncommon results." -Ifeanyi Onuoha

HOW DOES IT WORK?

Using a central stage area, stage floor, each game is controlled by the host, along with the video blue print and surround sound. Team members and spectators support their team members as they are challenged to challenges varying from simple to tough. The tension builds as the game progresses and the giant score board is updated. Points are allocated each time a team completes a task and the winning team is the team with the most points and is awarded that million rand cheque.

This is an experience that your team will thoroughly enjoy, as they become part of a live show with enough energy, excitement and humour to keep them entertained for two hours.

POPULAR GAME OPTIONS INCLUDE:

- Junk in the Trunk
- A Bit Dicey
- Booby Trap
- How Is it Hanging
- Suck it Up
- Sticky Balls
- Nose Dive
- Elephant March
- And many more ...

AFRICA CHALLENGE 51

51 Challenges... 2 Hours. Get your passports ready...Visas in hand
How many African countries can you visit? How many stamps in your passport?

**“The strength of the team is each member.
The strength of each member is the team”** - Phil Jackson

HOW DOES IT WORK?

Each team is issued with an African pack that is split into three zones, easy, medium and difficult. Within each section there are varying creative tasks, team challenges, conundrums, construction and even digital photography! Each of these tasks is branded under an African country (51 in total). They are positioned at one of the above zones, scattered about the property, both indoors and out! Teams complete the tasks and earn points as they go. These points take the form of 'passport stamps' but time is against them and a strategy is required to maximise earnings.

Can teams succeed in making a ten-foot putt?
Will they construct a six-foot paper Kenyan giraffe?
Perform a gumboot dance?
Can they find their way through the Ghana maze?

This event can be run almost anywhere and will definitely be thought provoking and demonstrate powers of deduction coupled with lots of ingenuity and thinking outside of the box.

THE CSI CHALLENGE

One of the most popular shows on television comes to life when your staff experience the excitement of solving a crime scene...

“Teamwork is the ability to work together toward a common vision.”

-Andrew Carnegie

HOW DOES IT WORK?

Following an introduction by our CSI Expert, your teams of Crime Scene Investigators will find and collect evidence from various crime scene locations. Once collected, blood, fingerprints, correspondence, DNA and other evidence is brought to the on-site CSI Crime Lab. The Crime Lab results must then be pieced together by each CSI Team to build a case and justify an arrest warrant proving means, motive and opportunity.

The CSI Team who correctly identifies the guilty party in the most creative way is the winner.

This challenge forces groups to work as a team by bringing their individual ideas to the table and coming to a conclusion.
